Difference between "furthermore", "moreover", "in addition to", and "also"

I have a question about the usage of 'furthermore', 'moreover', 'in addition to', and 'also'. Dictionaries give "in addition to" as the meaning to all of them. But what are the slight differences

Is it correct to use the expression "I have also attached " in an e

Question 1: It is grammatical to use in an email and just tells the recipient what you have attached to the email. I would prefer "Enclosure:" for a more formal email though. Question 2: You do

"Are also" or "also are"

Expats also are migrants Or Expats are also migrants I tried to research it but the answer I found is that depending on context both versions could be correct. Now I'm not sure which one to use. In my

subject-verb agreement When two singular words are joined by not

In 'not only but also' the verb agrees with the subject nearest to it. Compare: Not only a jacket but also gloves are worn in cold days. Not only gloves but also a jacket is worn in cold days.

word order

He has also been a poet. both are understandable with similar meaning, but would the second, "has also been", be considered the equivalent (whatever that would be) of a split infinitive in

Storage Topologies

This site type should be used for co-located PV + Storage configurations where all of the PV is coupled to the batteries on the DC bus.

Comma before "and also"

The comma before and also should be removed. We could consider a few other changes to achieve parallelism. The brackets show the parallelism. Times New Roman, Arial and Courier New

word usage

The place that "also" takes in a sentence decides what the sentence would mean: to further explain, even if words in a sentence do not change, it is the particular place which "also"
