

Bangui geographic locations

Overview

Bangui is the capital and largest city of the Central African Republic. It was established as a French outpost in 1889 and named after its location on the northern bank of the Ubangi River (Oubangui); the Ubangi itself was named from the word for the "rapids" located beside the settlement, which marked the end of navigable water north from the settlement. The majority of the population of the Central African Republic lives in the Bangui area.
