

# Black edge semi-flexible solar panel

Standard 20ft containers

Standard 40ft containers

## Black edge semi-flexible solar panel

---

### [100W black ultra-narrow semi-flexible fibreglass solar panel with](#)

100W black ultra-narrow monocrystalline semi-flexible lightweight solar panel, with 5-busbar solar cells, made of strong fibreglass plastic. The highly flexible design of this panel and its ETFE-coated surface

### [Renogy Solar Panel 100W 12V Lightweight Semi](#)

The Renogy Black Division 100W Lightweight Monocrystalline Solar Panel

### [Renogy Solar Panel 100W 12V Lightweight Semi Flexible Black](#)

The Renogy Black Division 100W Lightweight Monocrystalline Solar Panel enhances module efficiency while minimizing its weight. It is the perfect option for any off-grid solar system, especially for

## 250W Black Semi-Flexible Solar Panel

Our 250W semi-flexible solar panel is widely used on campervans, motorhomes, caravans, van conversions and marine craft. Above all, it is an easy to install, convenient solution. Our 2nd

### [250W MCS certified black semi-flexible](#)

### [solar panel top junction box](#)

Combining high efficiency, extreme durability, and an elegant all-black aesthetic, the FMCSB-250M semi-flexible solar panel is the perfect solution for those who want cutting-edge solar technology

### [CMP 55 Watt SunPower Semi-Flexible Solar Panel \(Black\)](#)

The CMP CMP23055F 55 Watt SunPower Semi-Flexible Solar Panel from Nomadic Supply Company(R) has an impermeable laminate coating over the entire module allowing them to contour and flex

### [150W Semi Flexible Black Fibreglass EFTE Coated Solar Panel With](#)

This solar panel has a unique black backing, making it ideal for discreet and aesthetically pleasing installation on dark coloured roofs, vehicles or mounting surfaces.

### **Flexible 100W Black Solar Panel Only**

Our flexible solar panels now include the far superior ETFE outer layer. This is essential for the long life of your flexible solar panel. The smooth shiny finish flexi panels are PET finish which can break down

### [100W black semi-flexible fibreglass solar panel with round rear](#)

That's why we have developed this highly durable black semi-flexible solar panel reinforced with fibreglass plastic and a strong ETFE surface

and made from monocrystalline solar cells. This model

### [250W Semi-Flexi Solar Panel Black Rear Exit](#)

250W semi-flexible black solar panel with rear exit cabling, ideal for power generation in small motorhomes, caravans and boats.
