There is a problem with the battery in the communication base

To resolve this issue: Open the battery compartment on the bottom of the Base Station using a Phillips head screwdriver. Confirm that your Base Station is using four (4) NiMH rechargeable batteries.

12 Types of Communication (2026)

Communication can be separated into many different categories or 'types'. Generally, we categorize it into the four main mediums of communication: verbal, nonverbal, written, and visual.

Communication

Communication is commonly defined as the transmission of information. Its precise definition is disputed and there are disagreements about whether unintentional or failed transmissions are included and

Maintenance method of communication mobile base station battery

It is bound to cause the cathode plate passivation of the battery to make the battery internal resistance increase, and the capacity has dropped significantly, resulting in a decline in battery life.
