Unloading Handling & Storage Manual

Unloading with a crane should be avoided and only used where forklift is not feasible. If a crane is necessary, ensure specialized tools are selected based on the module's weight and size.

Unloading&Unpacking Manual-20230106

To ensure the safety of unloading of PV modules, please read this manual carefully. In the process of unloading, the forklift should be selected reasonably according to the size and weight of the goods.
