

Discharge when solar outdoor power cabinet is charging

Overview

The most common fix is to fully charge the battery bank until the charger shuts off. If the problem persists, it could be a sign of a deeper issue.

Discharge when solar outdoor power cabinet is charging

Battery exports charge when it is not fully

Basically, if you are on 'self-use' mode then any time that is not set as a charge or discharge time will power your house from solar or battery (if it can), rather than grid. The 'discharge'
