

Does Australia have anti-dumping measures for photovoltaic panels

Overview

The Australian Anti-Dumping Commission has signaled its intention to again end an investigation into the dumping of solar panels made in China.

Does Australia have anti-dumping measures for photovoltaic panels

Australia

China requests that the Panel find that the challenged measures are inconsistent with Australia's obligations under the GATT 1994, the Anti-Dumping Agreement, and/or the SCM Agreement, as

Dumping and countervailing duties

Goods Subject to Dumping and Countervailing Duties
Goods Subject to Securities
Claiming An Exemption from Dumping and Countervailing Duties
Requesting A Change to The Amount of Dumping and Countervailing Duties
Compliance
Further Information
Getting Help with International Trade Remedies
The amount of duty can change through reviews and inquiries by the Anti-Dumping Commission. Australian industry members, importers and exporters can apply for a review or exemption of dumping or countervailing duties. The Anti-Dumping Commission's current cases is listed on the Electronic Public Register. You may also apply to the Anti-Dumping Comm See more on abf.gov sailesindustrialmachinery
