

# **Estonian supercapacitor bank manufacturer**

## Overview

---

Skeleton Technologies is an Estonian energy storage developer and manufacturer for AI data center, transportation, grid, and defence applications.

## Estonian supercapacitor bank manufacturer

---

### [Estonian DeepTech startup Skeleton launches](#)

Developed in just two years, SuperBattery is an innovative technology combining the characteristics of supercapacitors and batteries, including super-fast

### Estonia country profile

Since regaining its independence with the collapse of the Soviet Union in 1991, Estonia has become one of the most economically successful of the EU's eastern European members.

### Presentation

Led by world-class material scientists and researchers, Skeleton Materials is already the global leader in synthesizing capacity and scaling up Curved Graphene material production to industrial levels to

### Skeleton Technologies

Skeleton Technologies is the world's largest manufacturer of supercapacitors for mission-critical infrastructure and industry, founded in 2009 in Estonia. Power
