Green smoothie

Ingredients 1 banana Juice of 1 lemon (about 4 tablespoons) 1/2 cup strawberries 1/2 cup other berries, such as blackberries or blueberries 2 ounces fresh raw baby spinach (about 2 cups) Fresh mint to

Mucus in stool: A concern?

Larger amounts of mucus in stool, associated with diarrhea, may be caused by certain intestinal infections. Bloody mucus in stool or mucus along with belly pain may signal a more serious

Bacterial vaginosis

Thin, vaginal discharge that may be gray, white or green. Foul-smelling, "fishy" vaginal odor. Vaginal itching. Burning during urination. Many people with bacterial vaginosis have no

Jinko Solar-Green Products

In addition to using clean energy in production

and product-related activities, we are committed to expanding recyclable materials usage, increasing electric trucks

Discolored semen: What does it mean?

Yellow or green semen. Semen can look more yellow as a person gets older. Other causes could be an infection, jaundice, or a side effect of taking medicine that turns the semen

Spitting up in babies: What's OK, what's not

Spitting up is common in babies. During their first three months, about half of all babies do it. The food backs up from the baby's stomach through the same tube that carries food to the

Trichomoniasis

Trichomoniasis is a common sexually transmitted infection. A parasite causes it. The parasite can spread through genital touching and sex without a condom. In women, trichomoniasis

Baby poop: What to expect

Yellow-green. Your baby's poop may turn this color once the meconium stool has passed. Yellow. Breastfed newborns usually have seedy, loose stool that looks like light mustard.

Color blindness

Color blindness is usually inherited, meaning it's passed down through families. Men are more likely to be born with color blindness. Most people with color blindness can't tell the difference

Stool color: When to worry

Stool color is generally influenced by what you eat as well as by the amount of bile - a yellow-green fluid that digests fats - in your stool. As bile travels through your digestive tract, it is
