### [Series, Parallel & Series-Parallel Connection of PV Panels](#)

What Is A Solar Photovoltaic array? Series Connection of Modules Parallel Connection of Modules Series - Parallel Connection of Modules - Mixed Combination When we need to generate large power in a range of Giga-watts for large PV system plants we need to connect modules in series and parallel. In large PV plants first, the modules are connected in series known as "PV module string" to obtain the required voltage level. Then many such strings are connected in parallel to obtain the required current le See more on electrical technology The Green Watt
