The average US home needs 18-22 solar panels (7.5-9.5 kW) to offset electricity usage. Your exact count depends on three factors: annual electricity consumption, your state's peak sun hours, and the

Quantifiers

Level: beginner We use quantifiers when we want to give someone information about the number of something: how much or how many. Sometimes we use a quantifier in the place of a determiner:

MANY , English meaning

We use the quantifiers much, many, a lot of, lots of to talk about quantities, amounts and degree. We can use them with a noun (as a determiner) or without a noun (as a pronoun).
