

How much is the Norwegian energy storage battery tariff

Overview

While Germany slashed storage subsidies in 2024, Norway's Enova program offers €160/kWh for commercial battery energy storage systems until 2027. For a 1 MWh project, that's €160,000 - enough to upgrade from lead-acid to lithium-ion safely.

How much is the Norwegian energy storage battery tariff

[MUCH definition and meaning , Collins English Dictionary](#)

You use much to indicate the great intensity, extent, or degree of something such as an action, feeling, or change. Much is usually used with 'so', 'too', and 'very', and in negative clauses with this meaning.

Tariffs

The amount of revenue allowed is regulated by the Norwegian Energy Regulatory Authority and is set for one year at a time. The tariff consists of a fixed part and a variable part.
