

# How to report if photovoltaic panels are not removed

## 12.8V 200Ah

## Overview

---

This report can be found on the CSLB's Solar Smart webpage under "Solar Complaints Report. " Check out the California Solar Consumer Protection Guide for the latest solar energy information & installation requirements.

## How to report if photovoltaic panels are not removed

---

### [Solar panels were left uninstalled since 2015 company never came](#)

To solidify your claim on the solar panels, you should adhere to any legal obligations such as attempting to notify the company or any successors and clearly documenting these efforts.

### [Permitting and Inspection for Rooftop Solar](#)

The permitting and inspection process ensures that a building is safe for solar panels and that the system is properly installed. However, administrative errors and backlogs can result in permitting

### **Removal & Reinstallation , Tesla Support**

For some removal and/or reinstallation services, such as for customers with Zep hardware, a contractor may require proprietary tools to remove and reinstall the solar panels and new mounting hardware.

### [DECOMMISSIONING SOLAR ENERGY SYSTEMS RESOURCE](#)

When solar projects reach the end of their expected performance period, there are several management options. They include extending the performance period through reuse, refurbishment, or repowering

## [California Solar Consumer Protection Guide 2021](#)

By law, a solar provider must provide you with a completed Solar Energy System Disclosure Document created by the Contractors State License Board (CSLB). This one-page document shows you the

## [End-of-Life Solar Panels: Regulations and Management](#)

To solidify your claim on the solar panels, you should adhere to any legal obligations such as attempting to notify the company or any successors and clearly documenting these efforts.

## [California Solar Consumer Protection Guide](#)

The Contractors State Licensing Board (CSLB) compiles and publishes an annual report on complaints and consumer questions received regarding solar energy systems companies and solar contractors.

## [What If You Removed Your Solar Panels But Didn't Reinstall Them?](#)

On one hand, removing the panels doesn't eliminate your claim. On the other hand, proving performance issues is more difficult when the panels aren't currently installed and generating

## **A Guide to Decommissioning Solar Panels**

Learn the full scope of solar decommissioning. Key topics include panel recycling, dismantling best practices, and calculating cost estimates for PV facilities.

### [End-of-Life Solar Panels: Regulations and Management](#)

When solar panels, which typically have a 25-30 year lifespan, reach the end of their lives and become waste, they must be managed safely. Learn about this renewable energy waste,

### **How to Perform A Solar Site Survey**

Learn how to conduct a solar site survey. Use our solar site survey checklist, solar panels survey tips, and solar site survey form.
