

Huijue Polycrystalline Photovoltaic Panel Specifications

Huijue Polycrystalline Photovoltaic Panel Specifications

SOLAR PANEL DATASHEETS

72 Cut Cells Polycrystalline PV Module High efficiency solar cell High conversion efficiency and more power output per square meter. Excellent weak light performance More power output in weak light

Solar PV panels

Solar PV panels are top renewable choice. Huijue, a leading maker, offers high-efficiency mono-crystalline panels (up to 20%), customizable specs, & factory prices.

Photovoltaic modules

Huijue Group has a senior technical team and an efficient supply chain system, and its production capacity and contract performance capabilities are fully guaranteed.

You have a choice of solar panel sizes ranging

from 50 to 400 watts, with polycrystalline panels having an efficacy range of 13-17% and monocrystalline panels having a range of 17-19%.

Polycrystalline photovoltaic solar panel used in this study in Figure 2, and its technical specifications are listed in Table 2.

Huijue group solar Panels

With our advanced solar panels, you can effortlessly convert sunlight into clean, sustainable energy, providing limitless power for your home or business. Designed with efficiency and durability in mind,
