### Solar Panel advice

Solar Panels may increase further in cost in the same time-frame. Basically, the extra cost for Eon's panels (from GBP8262) may potentially be off-set by the interest-earnt on saved capital

### Octopus Solar offer? Any negatives?

What do experienced solar people recommend 'over and above' what is outlined? As Screwdriva says, if there is room on your roof for half-a-dozen more panels, it would make sense to

### [Martin Lewis issues solar panel savings tips for](#)

Money expert Martin Lewis has advised UK households on how they can maximise savings from solar panels. While the average cost of solar panel

### Best tariff or strategy for solar/battery

Having recently had 4kW solar and a 7.2kWh battery installed, I'm wondering what's the best current strategy for getting a good return?

### [Martin Lewis: Standing charges update risks households paying more](#)

## Mis sold solar panels

I have had a phone call from a company about mis sold sola panels, they take 10% I would like to do the claim myself but who do I complain to I bought the solar panels about 13 years

## Solar Panel

Hi All, Newbie to the forum here, I have FIT solar panels fitted to my house, I was just wondering if the rates will increase for the units sold back to the grid or whether they will remain low

MoneySavingExpert founder Martin Lewis has warned that updated plans to require providers to offer low or no standing charge tariffs could risk some households paying more.

## [Octopus solar panels. A disaster - MoneySavingExpert Forum](#)

Tried to get Octopus energy to install solar panels as I am a customer of theirs and they were offering a GBP1500 discount. Their procedures are a total joke. Had two reps from other

## [Free or cheap loans for solar panels among key measures in](#)

Read the full story: Free or cheap loans for solar panels among key measures in Government's 'Warm Homes Plan' - Martin Lewis says it could cut bills if 'done right' If you haven't

## Record breaking 2022 for Solar

Has anyone else found that 2022 has been a record year for solar generation? Previously 2020 was the best from the last 11 years but we've now beaten that with a month to go so

### [Solar panel mid-sold claim - MoneySavingExpert Forum](#)

Exactly, if there is a mis-sold financial product involved then the route to a claim is easy, but if this is simply a suggestion of mis-sold solar panels then it is a completely different problem.

### [Solar panels: Are they worth it? - MoneySavingExpert](#)

Solar panels can offer savings on your energy bills. Discover if solar panels are worth it for you and whether you can instal them in your property with

### [How much are solar panels and are they really worth it?](#)

With energy bills rising and climate change a very real concern for
