

New Zealand solar Panel Power Generation Project

Overview

The 209-hectare site will hold approximately 220,000 solar panels and generate around 230 GWh of renewable electricity annually, enough to power around 30,000 houses.

What is the 'new' keyword in JavaScript?

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What problems

Difference between 'new operator' and 'operator new'?

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call "sizeof" the sizeof

and it basically does the following: Initializes a new native object Sets the internal [] of this object, pointing to the Function prototype
