## [New site design and philosophy for Stack Overflow: Starting February](#)

Ah, but new experts will rise up and embrace the new, friendly Stack Overflow that they have always wanted. And maybe rediscover the same things the bitter, hateful old guard found.

## Push local Git repository to new remote including all branches and tags

I have a local Git repository that I would like to push to a new remote repository (brand new repository set up on Beanstalk, if that matters). My local repository has a few branches and tags, and I

## [Move the most recent commit \(s\) to a new branch with Git](#)

A graphical version manager where you would just add a tag for the new branch without dealing with what seems to me obscure and archaic syntax would be such a relief. My kingdom and

## How to open link in a new tab in HTML?

Note I previously suggested blank instead of `_blank` because, if used, it'll open a new tab and then use the same tab if the link is clicked again. However, this is only because, as GolezTrol

## 13 Solar Generator Manufacturers in 2026

This section provides an overview for solar generators as well as their applications and principles. Also, please take a look at the list of 13 solar generator manufacturers and their company rankings.

## When to use "new" and when not to, in C++?

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.
