String PCS is adopted to improve the battery life cycle and support off-grid/quad-connected/off-grid hybrid modes, etc. Instant switching and black starting.

## compounds

To record and summarize the discussion in the comments, while the OED mostly uses the hyphen, many other dictionaries don't, and the ngrams show higher non-hyphenated usage than hyphenated.

### [Is there a better phrase that means "non-zero-sum game?"](#)

You used the dash in the wrong place: what you have written is a (non-zero)-sum game, which makes no sense. When you start with a

hyphenated word, like zero-sum, than to make

## No, not, and non

At the linguistics conference, there were no / not / non- native speakers of Esperanto. They're all grammatically "valid", but they all mean different things - and pragmatically / idiomatically,

## The line between inappropriate and acceptable use of the n-word in

The comments on the video suggested that both Black and non-Black people found it funny, but I'm unsure how widely acceptable this type of humor is. In real life, are there any
