

# Opp Solar Power Plant

## Overview

---

Renewable generation from solar technology is a more recent addition to Ontario Power Generation's (OPG's) clean energy portfolio, and one we continue to assess for future development opportunities. Learn more about our solar facility on the site of the former Nanticoke.

## Opp Solar Power Plant

---

### List of photovoltaic power stations

Most are individual photovoltaic power stations, but some are groups of co-located plants owned by different independent power producers and with separate

### single word requests

Neither shallow nor gentle are the opposite of steep, but rather words we make do with because there is no actual word for what we mean; when asked the opposite of gentle or shallow we wouldn't naturally

### Distribution of slang term "opp"

The mainstream dictionary entries seem to be either for "opp" meaning "opportunity" (as in "business opp", "job opp"), or as an abbreviation for terms such as "opposite" or "opus". So I think

### Our power generation , Solar power - OPG

We partnered with Six Nations Development Corporation and Mississaugas of the Credit First Nation to develop our first-ever solar power facility. The solar facility

### single word requests

Opp. to rare. and 'rare' in this sense: a.
