

Power supply doing work and capacitor storing energy

Overview

For a simple circuit with a battery supplying a voltage V to a capacitor, let us assume that the charge on the capacitor is Q .

power automate

I am writing a Power automate to copy emails from an Outlook mailbox to SharePoint. I am using Get emails (V3) and want to retrieve emails received on a particular date.

[Get email categories in Microsoft Power Automate](#)

But in Power Automate, if I use the "Send an HTTP Request" action (under "Office 365 Outlook") and send a request to that same endpoint, it returns a lot of the message information but
