

## Overview

---

In 2025, the typical cost of commercial lithium battery energy storage systems, including the battery, battery management system (BMS), inverter (PCS), and installation, ranges from \$280 to \$580 per kWh.

## Quotation for a 150kW energy storage battery cabinet for a gymnas

---

### 150kwh Battery Storage Systems

Each cabinet occupies less than 3 square meters, with flexible placement and can be adjusted within 1-2 days.
