

Solar panels extended

Overview

Solar panels generally come with two warranties: The product warranty covers the equipment and typically guarantees at least 10-12 years without fail, and the power or performance warranty often guarantees at least 90% production at 10 years and 80% at 25 years.

Solar panels extended

Going Solar

As of August 2022, credits on solar have increased to 30% and have been extended through 2032. In addition, home battery storage and standalone storage are also eligible for the 30% tax credit.
