

State Grid Distributed Energy Storage Cabinet

State Grid Distributed Energy Storage Cabinet

DOE Global Energy Storage Database

The DOE Global Energy Storage Database provides research-grade information on grid-connected energy storage projects and relevant state and federal policies. All data can be exported to Excel or

[Library , Daily energy storage reports , California ISO](#)

Daily energy storage reports This report provides market participants with selected metrics on performance of storage and hybrid resources, including bid-in capacity, awards, state of charge and

[Sunrun and PG&E Dispatch Energy from Northern California Homes](#)

More than 1,000 Sunrun customers' storage-plus-solar systems exported energy to alleviate local grid constraints, with the goal of helping PG&E avoid or defer distribution upgrades

[SB1295 , California 2025-2026 , Distributed energy storage systems](#)

SB 1295, as amended, Stern. Distributed energy storage systems: procurement. Existing law requires the Public Utilities Commission (PUC) to determine appropriate targets, if any, for each

[Brattle Report Finds California's Distributed Power Plant Program](#)

California's statewide Demand Side Grid Support (DSGS) distributed storage program is projected to nearly double in capacity by 2028 and could provide up to \$206 million in net cost

[Brattle Report Finds California's Distributed Power Plant Program](#)

Launched by the California Energy Commission in 2022, DSGS pays customers to discharge stored energy from residential and commercial batteries during periods of high demand or

Long Duration Energy Storage Program

Form Energy's storage system supports grid reliability and resilience by supplying up to an unprecedented 100 hours of continuous power during extreme weather conditions and grid outages.

[California's distributed storage program can save ratepayers \\$206M](#)

Launched by the California Energy Commission in 2022, DSGS pays residential and commercial customers to discharge stored energy during grid stress events. That pooled

[The 50 States of Grid Modernization: States Leverage Distributed](#)

The quarterly series provides insights on state regulatory and legislative discussions and

actions on grid modernization, utility business model and rate reforms, energy storage, microgrids,

[Energy Storage Targets , State Climate Policy Dashboard](#)

A table of all existing state energy storage procurement mandates, targets, and goals, as well as progress to date.
