

Taiwan-based energy storage power station

Overview

To support this transition and the nuclear-free policy, Taiwan is constructing new liquefied natural gas (LNG) receiving terminals and storage tanks, expanding its natural gas power generation capacity, and developing solar and offshore wind power projects.

Taiwan-based energy storage power station

Taiwan

With around 23.9 million inhabitants, Taiwan is among the most densely populated countries. Taiwan has been settled for at least 25,000 years. Ancestors of Taiwanese indigenous peoples settled the
