

# User-side energy storage project cooperation

## User-side energy storage project cooperation

---

### SCU Provides 10MWH Solution for User-Side Energy Storage System Project

SCU will continue to adhere to the concept of "customer-centred, technology-centred" to provide customers with higher-quality energy storage products and services, jointly promote the

### [HyperStrong and CATL enter 200GWh strategic cooperation](#)

System integrator HyperStrong has announced the signing of a Strategic Cooperation Agreement with CATL, the world's largest lithium-ion battery OEM. The cooperation period will run

### [EVE Energy Signs Strategic Cooperation Agreement with Jingmen](#)

EVE Energy cooperates with local enterprises in Jingmen to build a large-scale user-side energy storage station, which achieves the local production, use, and efficiency enhancement of

### [The first user-side energy storage project in Aksu was successfully](#)

In the process of project construction and commissioning, State Grid Aksu Power Supply Company gives full play to its professional advantages, combines the needs and expectations of user

### [Hengjiu Antai becomes a co-builder of the National Energy User-side](#)

In the future, Shenyang Hengjiu Antai will work with all parties to jointly promote the development of energy user-side energy storage technology, contribute to the progress of the

### [A novel energy cooperation framework for community energy storage](#)

A novel energy cooperation framework for energy storage and prosumers is proposed.

### [How Can User-Side Energy Storage Break the Deadlock? The](#)

It is necessary to integrate flexibility resources such as user-side energy storage into the competition, using market mechanisms to collaboratively enhance renewable energy consumption

### [Sharp Pullback! User-Side Energy Storage Additions in January Down](#)

In January 2026, China's user-side new energy storage market recorded a year-on-year decline of more than 50% in newly added capacity. The pace of project filings slowed while quality

### [GCL Energy's first user-side energy storage project in Jiangsu starts](#)

The project marks a new start for GCL Energy in the field of user-side energy storage in Nanjing, with a total installed capacity of 1.165 MWh and a peak charging and discharging capacity of

## [Dual-layer optimization configuration of user-side energy storage](#)

In this paper, a dual-layer optimal configuration method of user-side energy storage system is proposed, which considers high reliability power supply transaction models and capacity
