Woodward is the global leader in the design,
manufacturing, and service of energy conversion
and control solutions for the aerospace and

Woodward: Control Solutions Innovator

Discover Woodward's innovative control solutions for aerospace and industrial markets, thus enhancing efficiency and performance globally.

easYi , Woodward

Capability for simulation of the control system before project realization, work through realistic use-cases before commissioning including the interconnection to your Microgrid, Supervisory command and

[Diesel Generator Controller Evaluation via Controller-Hardware-in](#)

The model of the diesel generator (governor, exciter, and primary control) is simulated in real time, and the secondary control is implemented in a real hardware controller, the Woodward easYgen, which is

About Woodward: Our Story & Mission

Learn about Woodward's history, mission, and commitment to excellence in control solutions for aerospace and industrial sectors.

[Microgrid HIL Testbed with Woodward easYgen](#)

In this webinar, we will examine the most important control modes of the Woodward easYgen. We also show how remote breaker operator LS5 can enhance

imagination of sports.

Woodward, Inc.

Woodward is the global leader in the design, manufacture, and service of energy conversion and control solutions for the aerospace and industrial equipment markets. Together with our customers,

[Woodward, Inc. \(WWD\) Company Profile & Facts](#)

The company primarily serves OEMs and equipment packagers. Woodward, Inc. was founded in 1870 and is headquartered in Fort Collins, Colorado.

[Woodward's Off-Grid Microgrid Solution for Morgan Sawmill](#)

Woodward Case of Study: Off-Grid Power. Proud to share a recent success story - the implementation of a fully off-grid microgrid system for Morgan Sawmill in South Australia.

WOODWARD ESAYGEN-3000 Controller

It is ideal for small-scale microgrid integration and large-scale energy setups. Featuring powerful configuration, simulation, and emulation tools, this controller reduces time and resource consumption

Woodward moves production line to Rockford area

Woodward Inc. is moving its servo-hydraulic control valve production from California to the Rockford area. The move will affect 300 jobs at the Santa Clarita, California, facility.
